

Sustainability Risks and Remuneration Policy

HRTEU Limited (“**HRTEU**”) is a financial market participant for the purposes of Regulation 2019/2088 (“**SFDR**”).

HRTEU’s trading activity consists of highly automated strategies that operate across a broad range of instruments and venues. Many of these strategies are designed to provide liquidity and enhance market efficiency and do not express long-term, issuer-specific or sector-specific views, and HRTEU therefore does not currently consider any explicit sustainability risks in its trading.

For the same reasons as set out above, HRTEU’s Remuneration Policy does not currently consider sustainability risks.
